

# UFCW Michigan Activist Committee Volunteer

## Yes! I'm Interested in Protecting Working Families!

The November 6, 2012 general election will determine the direction Michigan and the nation will take for at least the next four years. Electing candidates who have a proven track record of protecting workers will take a great deal of hard work. UFCW Michigan is asking members to take an active role in the political process by joining the UFCW Michigan Activist Committee. If you can't volunteer your time, you can still make an important difference by signing up to receive text message notifications!
