

UFCW Michigan Activist Committee Volunteer

Yes! I'm Interested in Protecting Working Families!

The November 6, 2012 general election will determine the direction Michigan and the nation will take for at least the next four years. Electing candidates who have a proven track record of protecting workers will take a great deal of hard work. UFCW Michigan is asking members to take an active role in the political process by joining the Activist Committee. Feel free to check more than one box!
